NORWAY, ME. FRIDAY, APRIL 11, 1919.

## NORWAY CORPORATION MEETING

Officers for 1919  
Moderator—Henry B. Foster.  
Treasurer—Eugene N. Sweet.  
Collector—Eugene C. Libby.  
Chief Engineer—T. Putnam Richardson.  
First Assistant—L. H. Cushman.  
Second Assistant—Frank H. Hurd.  
Fire Police—Stephen G. Hatch, Guy R. Esch, George Hancock, C. Winslow, Eugene C. Libby, F. Alonzo Hall.

The annual meeting of the Norway Water Co. was held Tuesday evening, was largely attended. There were no contesting candidates for the various offices, and aside from the moderator, the names went through on one ticket. Phineas H. Curtis resigned as candidate for second assistant and Frank Hurd's name was substituted on the printed ticket. Only 13 votes were cast to elect the officers.

Voted to have all poll taxes payable May 1, and other taxes payable on the same date as the town taxes (Nov. 1, 1919). Six per cent interest will be charged on unpaid taxes after Jan. 1, 1920.

Voted to furnish bonds for the treasurer and collector.

Taxes against the estates of Wm. S. Pratt and Albert F. Canwell were abated.

Voted to install an electric light on Maple street between Eugene F. Hayden's residence and the corner of Pleasant street. Also to locate a light on Tannery street between W. F. Tubbs' factory and the corner of Main street.

Geo. A. Brooks objected to changing the arc light near Hurd's blacksmith shop on Water street into two small lights at other points near by. Mr. Brooks stated that the present service was all right when the arc was not out of commission. He considered the corner a dangerous one, and the proposed change would diminish the service and increase the danger to evening travelers. Voted not to change the arc.

After several suggestions not in direct line with the article, it was voted to instruct the assessors to relocate some of the street lights for better service, if in their judgement a change was needed.

Article to abate the tax against Sophia Holmgren on Alpine street was passed over.

Voted to install a hydrant on Tannery street at a point between W. F. Tubbs' snowshed factory and the rear of the Norway auto Co.'s garage. Eugene N. Sweet made a motion to take this action, after careful presentation of facts showing the necessity for this important protection. He considered it a duty the corporation owed Mr. Tubbs to safeguard his business, which during the past few years has grown into a thriving concern, with a yearly pay roll amounting to over \$25,000. The speaker considered it one of our prominent industries which should be encouraged and protected. The nearest hydrant is located opposite Charles Allen's residence on Main street and several hundred feet away. Another hydrant on Tannery street is connected by a four inch pipe to cover this district would, in his judgement, not prove equal to an emergency. Mr. Tubbs and L. H. Cushman agree to build a house over the proposed hydrant, and care for the hose. Less than \$750 is the estimated amount required to be drawn from the surplus. Mr. Sweet also argued that property owners south and east of the zone should be considered. With the Andrews Sale Stable and High School not far away better fire protection is imperative.

The Mark Merrow suit brought against the Norway Village Corporation for damages was discussed freely and a vote taken to carry it to the law courts for decision.

The case is a legal tangle and arises from the sewer crossing the lower corner of his lot, which adjoins the Oxford Electric Co. and Mrs. Ella Jewett Cole's properties in Ward 8, so called. It is claimed by the assessors who handled the sewer job that oral permission was given by Pauline McAllister, who owned the place (formerly the John Bumpus property) to cross their lot. Soon after the sewer was laid Mark Merrow of Auburn came into possession of the property and within a short time suit was brought to recover \$50 damages. A. J. Stearns counsel for the corporation appeared at its first hearing in Rumford during the May term. A disclaimer was filed at the February term of the Supreme Judicial court at South Paris and a demurrer offered which was overruled by the court. Before carrying the case higher for judgement Mr. Stearns wished the expression of the voters. Opinions varied in the discussion which followed. A strong point was made when it became known that if this case was settled with hands down other property owners under similar circumstances might consider it their right to sue and recover excessive damages. It would be a continuous performance. Nothing indicated that the present owners would take advantage of the situation, but in case of a transfer the proposition might look different. Chase F. Bellinger asked the question to a head when he said, "If we believe that we are morally under an obligation to settle with Mr. Merrow, let's do it. But if we consider his action unjust, let's carry it to the end."

Alton C. Wheeler is attorney for Mr. Merrow and it is said a settlement could be made upon the payment of \$50 and costs amounting to \$35. An overwhelming vote was in favor of carrying the case to the end.

Judge W. F. Jones made the motion that written releases be obtained from all real estate owners who have given oral rights for the sewer to cross their property. Motion was carried.

## Charles W. Ryerson

Charles Washington Ryerson passed away at his late home in Yaggar, Saturday, at the age of 89 years.

Mr. Ryerson was born in Paris, April 7, 1830 and was the son of Cushman and Zovina (Dunn) Ryerson. His whole life has been spent as a farmer with the exception of a few winters when he taught school. On May 1, 1859 he was united in marriage to Susan R. Marston and they spent the next six years in Paris moving to Norway in 1865 where they settled on a farm in the Yaggar neighborhood, Mrs. Ryerson's birthplace.

He always took an active interest in the affairs of the town and was one of the board of selectmen for seven years being chairman of the board several times. He was the first member of both the Norway and Oxford Pomona Granges, serving four years in the latter position.

He was the last charter member of the Norway Grange. He was a member of the Oxford Lodge, Independent Order of Odd Fellows, No. 10, and of the Independent Order of the Universalist Church at Paris Hill.

He served on the school board for three years and for three years was president of the Oxford County Agricultural Society.

A lifelong Republican he always took an active interest in the party. Two children were born to Mr. and Mrs. Ryerson. The eldest died when young, and the second daughter, Lizzie C., is the wife of John P. Howe, who has assisted in the work on the farm. Mr. Ryerson died Sept. 5, 1914 and in his declining years he was tenderly cared for by his daughter.

Services were held Monday afternoon at the home, conducted by Rev. C. G. Miller, pastor of the Universalist Church. The bearers were Virgil E. Dunn, Frank P. Morrill, Will A. Delano and Carroll L. Delano. Interment was in the family lot at Pine Grove Cemetery.

Besides his daughter, Mrs. Lizzie R. Howe, he is survived by two grandchildren, Ora Howe and Charles R. Howe, and three great grandchildren, Robert and Shirley Howe and Ruth Buswell, daughter of the late Helen (Howe) and Arthur R. Buswell.

Mrs. Annette Moulton  
Mrs. Annette Moulton passed away at her home on Beal street Thursday, April 3, at the age of 79 years.

Mrs. Moulton was born in Norway, March 20, 1840, the daughter of Charles and Hannah (Foster) Frost. She resided at Nobles Corner, North Norway on a farm until October 31, 1891. Since then she has made her home in the village on Beal street, with her daughter and husband, Mr. and Mrs. Simon Harriman.

She was a member of the Universalist Congregational church. On January 1, 1892 she married Mr. Moulton of Freedom, N. H. They had one daughter, Ella M. H. the wife of Simon Harriman.

For the past year Mrs. Moulton has been gradually failing due to infirmities of age and weakness of health. For years she was found in her home, always cheerful even during her greatest suffering. Her life was pure and upright and she was a devoted mother.

The funeral was held from her late home on Beal street, Sunday, April 6th and was attended by Rev. M. O. Balzer. The bearers were Wm. Sanborn, John F. Swain, Harry Lovejoy, and Roscoe Edwards. Burial took place in Pine Grove cemetery.

Charles A. Richardson: "Hark! Hear me! This horse-radish is no fraud." Will Leavitt got a bottle and commenced to cough and sneeze at once. Good stuff! Sure cure for spring frolics. Supply is limited.

Arthur P. Foster, 26 year old son of David P. Foster, is in Utah. He left Maine on advice of a physician to sojourn in a higher altitude on account of his health. He is stopping in Ogden and (formerly the John Bumpus property) to cross their lot. Soon after the sewer was laid Mark Merrow of Auburn came into possession of the property and within a short time suit was brought to recover \$50 damages. A. J. Stearns counsel for the corporation appeared at its first hearing in Rumford during the May term. A disclaimer was filed at the February term of the Supreme Judicial court at South Paris and a demurrer offered which was overruled by the court. ## Answer the Alarm!

Norway People Should Not Delay  
If your kidneys are inflamed,  
Don't stand around and do nothing.  
Like a fire it will soon be beyond control.

You will get the alarm in time—  
Backache, or dizziness or disorders of the urine.

Heed the warning.  
Give your kidneys a rest by living more carefully.

Use Doan's Kidney Pills to help stamp out the cause.

Profit by Norway woman's experience.  
Mrs. Mary Gammon, 14 Beal St., says:  
"I have kept Doan's Kidney Pills on hand for years, in fact, ever since I first took them nearly ten years ago. The symptoms I noticed at that time indicated kidney complaint. There was a dull, heavy ache across the small of back and often attacks of dizziness came over me. Doan's Kidney Pills, which I got from Frank Kimball's Drug Store, proved fine in relieving me of these troubles. I take Doan's off and on now and couldn't wish for anything better to keep my kidneys in good condition."

Price 60¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Gammon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

**A Real Farm for a Real Man**  
About 200 acres with no waste land; 120 acres in fields and remainder in pasture and wood; cut 110 tons of hay and 27 acres seeded this year. The fields are large and smooth. One field is 300 rods long and another 200 rods wide. The farm is in good repair. The house is painted white, with green blinds and three lighted windows; it has 11 rooms, besides large summer kitchen, and two piazzas, hardwood floors and hard and soft water in sink; also a furnace. Barn 40x60; stable 20x40, both clapboarded and with basements; storehouse 20x40, and hen house and granary. This farm is 8 miles from station, corn factory, creamery, potato house, and large village and 6 miles from one of the most thriving cities in Maine. It cannot be beat for a dairy farm. The following machinery is included: Sulky plow, hand plow, spring tooth harrow, disk harrow, Robbins' potato planter, lime sower, grain drill, steel roller, mower, 2 rakes, and delivery rake, hay loader, farm wagon and grain binder. All this machinery is nearly new; 18 head of cattle and 2 young horses are also included with the place.

## A PRAYER FOR HUMANITY

Swing low, sweet chariot of love,  
To all the world bring joy and peace,  
Return, oh, fairy white-wing'd dove,  
Alight and rest thy weary wings,  
That long so far away have borne  
Those good and grand—those heavenly things,  
While all the world thy absence mourn'd.

Swing low, and let thy form remain  
Where mortal man thy presence feels,  
Fair dove of peace, bring forth again  
Thy plumes, in the place of steel,  
To draw the life blood from his veins,  
Oh, Lord of hosts, Lift Satan's can,  
And give the world sweet peace again.

CHORUS:  
Swing low, sweet chariot of love,  
To all the world bring joy and peace,  
Return, oh, fairy white-wing'd dove,  
Alight and rest thy weary wings,  
That long so far away have borne  
Those good and grand—those heavenly things,  
While all the world thy absence mourn'd.

Swing low, and let thy form remain  
Where mortal man thy presence feels,  
Fair dove of peace, bring forth again  
Thy plumes, in the place of steel,  
To draw the life blood from his veins,  
Oh, Lord of hosts, Lift Satan's can,  
And give the world sweet peace again.

CHORUS:  
Swing low, sweet chariot of love,  
To all the world bring joy and peace,  
Return, oh, fairy white-wing'd dove,  
Alight and rest thy weary wings,  
That long so far away have borne  
Those good and grand—those heavenly things,  
While all the world thy absence mourn'd.

Swing low, and let thy form remain  
Where mortal man thy presence feels,  
Fair dove of peace, bring forth again  
Thy plumes, in the place of steel,  
To draw the life blood from his veins,  
Oh, Lord of hosts, Lift Satan's can,  
And give the world sweet peace again.

CHORUS:  
Swing low, sweet chariot of love,  
To all the world bring joy and peace,  
Return, oh, fairy white-wing'd dove,  
Alight and rest thy weary wings,  
That long so far away have borne

And give the world sweet peace again.

CHORUS:  
Swing low, sweet chariot of love,  
To all the world bring joy and peace,  
Return, oh, fairy white-wing'd dove,  
Alight and rest thy weary wings,  
That long so far away have borne  
Those good and grand—those heavenly things,  
While all the world thy absence mourn'd.

Swing low, and let thy form remain  
Where mortal man thy presence feels,  
Fair dove of peace, bring forth again  
Thy plumes, in the place of steel,  
To draw the life blood from his veins,  
Oh, Lord of hosts, Lift Satan's can,  
And give the world sweet peace again.

CHORUS:  
Swing low, sweet chariot of love,  
To all the world bring joy and peace,  
Return, oh, fairy white-wing'd dove,  
Alight and rest thy weary wings,  
That long so far away have borne  
Those good and grand—those heavenly things,  
While all the world thy absence mourn'd.

Swing low, and let thy form remain  
Where mortal man thy presence feels,  
Fair dove of peace, bring forth again  
Thy plumes, in the place of steel,  
To draw the life blood from his veins,  
Oh, Lord of hosts, Lift Satan's can,  
And give the world sweet peace again.

# PRINCE ALBERT

the national joy smoke

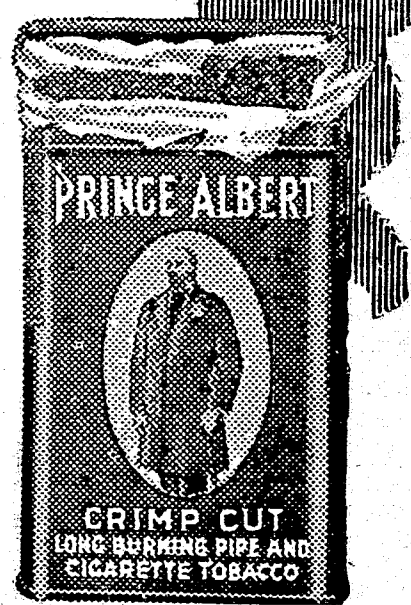

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

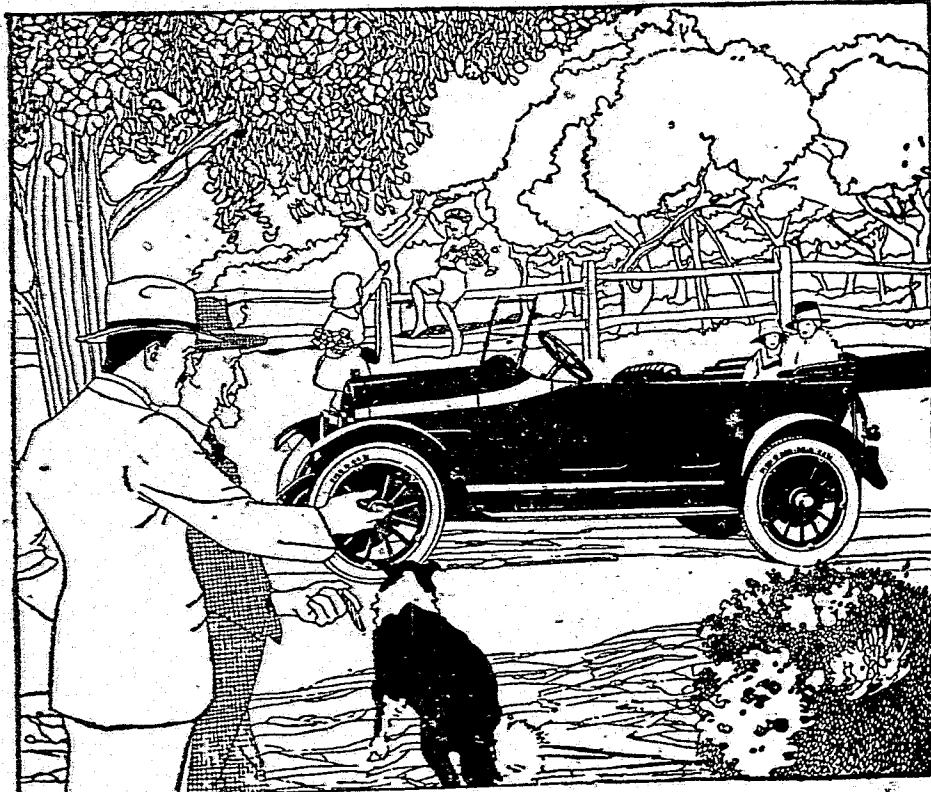

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Toppy red bags, tidy red tins, handsome pound and half-pound tin humidors—and that classy, practical pound crystal glass humidur with sponge moistener top that keeps the tobacco in such perfect condition.

## This Corn Will Peel Right Off!

"Gets-It" Makes Corns Come Off The "Banana-Peel" Way!

Why have to flop on the floor, squeeze yourself up like the letter "Z", and with bulging eyes draw your face up into a wrinkly knot while you gouge and pull at the quick of a tender corn? That's

2 or 3 Drops Applied in a Few Seconds—They're Gone! "Gets-It" Always Works!

the old, savage way. "Gets-It" is the modern, painless, simple way. Lean over and put two drops of "Gets-It" on the corn, put your foot on a towel and rub it on again, and forget the corn. Pain is eased. "Gets-It" has revolutionized the treatment of corns. It never irritates the true flesh. You'll stop limping on the side of your shoe, and go away with your feet saved, bandaging, thick plasters and painful methods. Use "Gets-It", it's common sense. "Gets-It" is the guaranteed, money-back corn remedy. Only one way, costs but a trifle at any drug store. Mfg. by B. Lawrence & Co., Chicago, Ill.

### Ask Gran'ma, She Knows

Our grandmothers know that millions of people, children and adults, have worms, either in stomach or bowels. This trouble is just as frequent now as it ever was, but people don't know it. Ask Gran'ma—she knows! Ask Gran'ma (Mrs. J. F. True & Co., Auburn, Me., says, "I have always used your Dr. True's Blix for my children and they are all healthy and well today."

"I put great faith in your medicine and one of my children was dying. The doctor said she could not live until morning and I ran out to the drug store, got a bottle of True's Blix, was so excited I gave her the half of the bottle at once and at night I gave her the other half. I thought it either kill or cure for the doctor says she is dying anyway, but she did not die. She went to sleep the first sleep for a week and the next morning she passed two worms, red in color, six inches long. The doctor came to see if she was dead, but he ran out pretty quick as she was sitting in her chair eating a bowl of oatmeal and milk. That was twenty-four years ago and now she has a baby girl of her own, seven months old, who is also using the Blix."

Take Dr. True's Blix and give it to your children—The Great Family Laxative and Worm Expeller.

## Cold relief

A common cause of many colds is the sudden checking of the unconscious perspiration by exposure to a change of temperature. Colds whether taking the form of Coryza with sneezing, running nose, and perhaps sore throat, or with chilly and feverish symptoms, should never be neglected in the earliest stages. Serious illness often results from such neglect.

It is well to get early to bed, to get the body well warmed, and most important to have the bowels moved freely. There is no safer or better remedy to use at the beginning of a cold than "L. F. F. Atwood's Medicine. Two to four teaspoonsful will quickly relieve congested conditions, drive out impurities from the system and ward off further trouble. Always keep a bottle in the house. Any dealer will supply you for fifty cents. If you have never used it, write today for a free sample to the "L. F. F. Medicine Co., Portland, Maine."

### SALVATION ARMY NEEDS MONEY

New England will be asked to contribute \$2,500,000 in the nation wide drive for Home Service Funds for The Salvation Army, May 10 to 26, according to Col. Adam Gifford, the Provincial Commander, who has sent out quotes to more than six hundred communities in the district. When the drive is over the familiar tambourine girl, making her house-to-house collection, will be no more seen on the street in this capacity, except at Christmas time. In the policy of expansion the lassies will be needed among the poor.

Hundreds of new properties will be taken over in New England when the funds are forthcoming. It means larger institutions to provide for the hundreds of thousands of new friends that the Army must keep in contact as the result of the bravery and efficiency of its overseas forces. There will be hospitals where the wives and children of ex-service men can find good care and not have to worry about paying for it if they are with out funds. It means larger orphanages, bigger Fresh-Air Camps, more free coal and ice for the poor and more milk for the sickly babies.

With money to meet the expense it will mean permanent meeting places for ex-service men, bigger lodging houses for the poor and better facilities for giving sensible and quick help for the man, who "is down, but who is never out."

Colonel Gifford announces that more than sixty communities are now organized, and campaign workers are organizing in every town and city in New England.

There is a growing conviction that some of the returning soldiers are not looking for work.

### HARKEN BACK ON THE PAST

Norway Notes of Interest, April 1885

Frank H. Noyes is one of the few business here who were born in Norway. He commenced business at the age of twenty at the Bakery store. He was three years in the Shadley store at the head of the village and in the store he built in the vicinity of the Elm House for five years. He began with a small trade, but now he has a very large and increasing business. Last year he sold 500 bills of flour, and did a business amounting to \$200,000. He claims to have the best grocery store in Oxford county.

E. W. Howe has been in business here since 1850. He was a clerk in a store for several years prior to that time. Altogether he has been in trade here for about 40 years. Mr. Howe is a sterling business man and one of Norway's best citizens.

On one of our streets we notice in red chalk a "Remember the Sabbath day to keep it holy." But why posted on Whitman street?

Calvin (Richardson) says that he attended a meeting recently where there were several different kinds of entertainments. In the evening there was a room prayers were being said, in another apartment a quartette was playing "Old sledge" in an adjoining shed two young men were having a "set to" with boxing gloves on, and in another part of the premises a fiddler was sawing away for dear life while several couples were hoeing it down to the tune of "Old Zip Coon." Just which one most interested Calvin we were unable to learn.

Druggist A. H. Williamson held the leathers over the back of "Old Pickers" to try his speed, Thursday afternoon. He went like the wind and long after he passed I could hear him whiz.

In one of our village schools on examining day the teacher asked a scholar to give an example of a relative clause. The pupil promptly replied:—"That bunch of bones which Joe Holt drives is called a horse."

Clarence Smith: There is a man in this town, who if the circumference of his head was half an inch more he would be a Daniel Webster, but if it was a sixteenth of an inch less he would be an idiot.

The personal appearance of Spencer Drake's colt (Mr. Drake was a shepherd boy) it must be admitted is "agin him", but there may be fast time in those legs. Drake is putting the plums to him, filling up the cavities in his hide with oats and bran. The long hair is gradually giving place to the shorter coat of every evening after supper to exercise and take the kinks out of the beast. At such times the air fairly whistles around Swan's.

It took 30 men and three boys the other day to cut a hole for the water to run into the culvert in front of Frank Noyes' store. Oscar Bennett-tossed the job.

### Chillblains and Blisters

Ben Bacon's roosters disturb the peaceful dreams of Dana Young.

About this time of year young George Austin lays in a large supply of cats with which to fertilize his garden.

Jonas Swan surprised a full set, Sunday afternoon, on the sunny side of Geo. A. Cole's wall. A pack of cards went out of sight quicker than one could say Jack Robinson.

Dr. Evans is using a new brand of tobacco, which he got at Holden's. After smoking it about seven minutes and a half in Dr. Geo. P. Jones' office it goes off like a fire cracker.

### Norway Boy in War and Threats

Corp. Archie V. Mattor with the 138 Engineers on duty in Coblenz Bridgehead, on the Rhine, sent home to his mother, Mrs. Emily A. Mattor an interesting theatre souvenir program dealing with a musical comedy produced by the First U.S. Engineers of which he is a member.

The title "Die Wacht am Rhein" written and produced in Germany, contained four scenes and two acts featuring a real plot, and lively Broadway hits right up to date. Several original numbers composed for the occasion were introduced.

Some kippy bunch were the chorus girls in their peroxide locks and natty costumes. These were privates, corporals and sergeants camouflaged for this production. Several half tones showing the cast, proved that the "girls" would have made a hit on any of our cabaret programs. A ten piece orchestra, of Army men, carried the show along in a manner which must have surprised the German natives.

In this interesting booklet is the record of the First Division of which Corp. Mattor belongs showing the boys are good fighters and real soldiers as well as foot light artists, and is as follows:

The First Division left the United States June 14, 1917, arriving in France June 26, 1917. They have taken part in the following operations: Sommerviller Sector, October 21 to November 20, 1917; Anseville Sector, January 15 to April 3, 1918; Sector west of Montdidier, April 3, 1918; Cantigny Operation, May 28 to May 30, 1918; Soissons Operation, July 18 to July 24, 1918; Saizerais Sector, August 24 to August 24, 1918; St. Mihiel Operation, September 12 to September 13, 1918; Operation east of Arrgonne and west of Meuse, October 1-12, 1918; Operation against Mouzon, November 5 to November 6, 1918; Operation South of the Meuse, November 7-8, 1918; March to the Rhine, November 17 to December 13, 1918; On Security Duty in Coblenz Bridgehead since December 14, 1918. Total advance against resistance: 51 kilometers. Prisoners and guns captured: officers 165; men, 6304; machine guns, 419; field guns, 183; including 62 T. M. Casualties: killed, 167 officers; 2,991 men; wounded, 417 officers; 12,546 men; gassed 100 officers; 4,147 men; Captured or missing, 30 officers, 9,375 men.

Mrs. E. D. Millett returned Friday from Freeport, where she has been spending a few days.

Mrs. Charles G. Blake received word of the death of her sister, Mrs. Carrie Higgins in Arlington, Mass. She was 90 years old. Mrs. Higgins was the daughter of the late Lucius Denison of Norway, those surviving her being Mrs. Amos L. Millett of Portland, Mrs. Charles G. Blake of Norway, Lucius H. Denison of Friend, Neb., Herbert R. Denison of Framingham, Mass.

Attention is repeatedly being called to the condition of some of the flag buildings in town. Some of these flags are now in tatters and are badly faded and should be taken in by the owners. One by one they are gradually being removed. If this applies to you, be the next one to have the flag in the condition described, either removed or replaced.

### PARIS HILL

Mary Mellen  
Mary Isabella Mellen daughter of the late Mr. and Mrs. George L. and Nancy N. (Wing) Mellen of Paris Hill died at her home Friday, after a few days illness with pneumonia. She had been spending the winter with Mr. and Mrs. Herbert Scribner and moved back to the Mellen homestead Wednesday and at that time was taken ill.

She had been in poor health for a long time and had been confined to the house 5 or 6 weeks and just recovered. Her age was 59 years. For a great many years she had been very hard of hearing. She was one of two children. Her brother, Charles J. Mellen, born Feb. 20, 1857 was a young man of much promise. At one time he was principal of Shapleigh academy. He was drowned Dec. 17, 1881. Miss Mellen's father, at one time was part owner and publisher of the Boston Weekly Museum. He subsequently returned to Paris and became part owner in the Oxford Democrat establishment.

He was route agent on the route between Portland and Bangor or subsequent ticket and freight agent for the Portland Rochester Railroad, and afterwards conducted the DeWitt House at Lewiston. He later moved to the old homestead at Paris Hill.

Miss Mellen was the last surviving member of her family and practically had no relatives. She attended the Universalist Church. Her life was spent at Paris Hill.

### NORTH FRYEBURG

#### A Beautiful Life Ended

The community was deeply grieved the news on Monday, March 31st that Louise Pitman had passed away at the home of her Uncle George Pitman at Auburn. She had been in poor health for about a year and had spent several months in the Sanatorium at Fairfield before going to Auburn.

She was one of the most esteemed young ladies of the place and was loved by all who knew her. She leaves a father and 3 brothers and she will be greatly missed not only in her own home but by all her friends. She was a member of Fryeburg Grange and also the D. of P. Funeral services were held at her home on Friday. She was buried under the rites of the D. of P. and was laid at rest in the River Bank cemetery amidst many beautiful flowers.

B. C. Webb and wife are visiting in Bangor. Evelyn Chandler of North Chatham, who has been visiting her Aunt, Mrs. Lelia Chandler, is visiting Sadie Thurston.

Mrs. George Pitman of Auburn is visiting relatives in the place. The Imp'd. O. R. M. will give a May Ball at their Hall on Thursday evening, May 1st.

Little Irving Thurston of Jackson is visiting his grandparents, Mr. and Mrs. W. H. Thurston.

### Own Your Home

The recent Washington conference of the Governors and Mayors was called to discuss ways and means of stimulating business and providing buffer employment for labor during the period necessary for industrial readjustment. It was submitted that building and construction work served these two purposes more completely and directly than any other industry. It was brought out that this country is short between \$500,000 and a million homes, therefore, while public officials are going in for public improvements, many communities are organizing "Own Your Home" campaigns. These serve several important and desirable ends. Home owning means home building, home building means labor and stimulated business in every locality where a dwelling is built, the home owner is a better citizen because his very ownership makes him responsible and immediately interested in the social and political welfare of his community. Further, the home owner does not take up quickly with radical movements such as now are threatening the security of governments in Europe.

### SHALL WE FEED THE HUNS

Immediately after the armistice was signed with Germany, the Huns began their howl for food. They made a whining appeal to this country. They not only tried the sympathy stunt; but the Huns women; women who, when the Allied wounded begged for water, cursed them, spat in their faces and even turned the very water, for which their fevered lips craved, on the ground before their very eyes; Hun women who chided their soldier sons in war stricken France if they did not send home untold quantities of jewels and under-wear, torn from the bodies of French women; these vile specimens of humanity had the nerve to appeal to the women of America, for food. They were not willing to stand in an universal bread line but hog like they wanted to grab all Germany has made and conquered lands raise food for her and when they tried to retain a few sheaves of wheat for themselves the Huns threw gas shells among and killed women and children by the thousands. The Belgian people were denied food and driven to slavery. If the Allied nations had not fed them they would have starved to death.

When the Lusitania was torpedoed and hundreds of women and children sent to their watery graves, the German people children played the streets shouting for joy that other mother's and their children had gone through death.

Not once in all these years of horrid destruction have the German women raised their voices in protest. The entire gang was out to loot, murder and destroy every thing within reach. When this pirate nation was finally beaten to its knees and knew the game was over, it insisted on having its own stomach filled first, pushing little nations which they had already robbed and ravished against the wall.

These few facts are fundamental enough to cause any American blooded individual to wish Germany countless doses of her own medicine. Any person who would buy Hun made goods ought to be banished from this country and, compelled to spend the rest of their life in Germany. Remember Germany expects to flood this country with their cheap goods the profits from which may be turned into implements of war to kill you and your sons. Buy goods "Made in America." This is the only way to punish the Hun and make the world safe for democracy.

You can not hit the Huns through their hearts, so you must hit them through their pockets, but you can hit through their pockets and that is where you must hit them hard. Germany had a bountiful harvest and sufficient food on hand to last for months when she made her whining appeal to us for food. But the people of the lands she had plundered were starving.

### STARTLING FACTS REGARDING SEED POTATO SHRINKAGE

Wm. G. Hutton tells State Agricultural and Industrial League Directors of Big Losses to Maine.

At the last meeting of the Executive Committee of the State Agricultural and Industrial League held at the Congress Square Hotel, Wm. G. Hutton, Industrial Agent of the Maine Central R. R., spoke without mincing words of the tremendous falling off of the demand outside the state for certified Maine seed potatoes.

He said in part:

"Agricultural experts will tell you that Maine certified seed potatoes should produce over 50 per cent more in the soil south of this state than their local or the Middle Western seed, yet the number of carloads shipped from Maine has fallen from well over 7000 just a few years ago to less than 2000 last year. At \$700 per carload, a conservative price, you can see that we are now turning away—yes absolutely refusing by neglect—over \$4,000,000 worth of business yearly that should be ours. This business, I believe is going to Middle Western growers and for just one reason—lack of organization among Maine producers. If the efforts of the State of Maine Agricultural and Industrial League result in organizing the seed potato growers, and finding for them markets, as indeed you found for hundreds of barrels last year, you will have brought back into the State of Maine the tidy sum of over \$4,000,000 annually."

### URGES TREE PLANTING

Arbor Day will take on an added significance this year because of the action of the Secretary of Agriculture in his letter to the Governor of every State urging that trees be planted in memory of the Yanks who gave their lives in the fight for democracy. The Department of Agriculture promises its utmost support in providing trees and in advising as to varieties and methods of planting. The letter of Secretary Houston is highly printed in Washington, especially the paragraph reading, "Along with the other memorials that will be erected to our heroes, we can easily discover ways in which we may simply pay our tribute to them. We can keep fresh our memory of what they gave; and we can perpetuate their names in familiar places. We may do this by adorning with young trees, each named for a fallen soldier, our waysides, our yards and our pleasure places. This year we may give to Arbor Day a meaning more profound, a purpose more exalted, yet also an association more personal."

### EASTER EGG ROLLING AT CAPITAL

For the first time since Roosevelt occupied the White House permission has been given for the annual Easter egg rolling on the White House lawn, directly in the rear of the Executive Mansion. In other years this unique custom has been carried out on the plot of ground near the Washington Monument, but this year the children of Washington City made such a fervent appeal to President Wilson that before he sailed for France the last time he ordered that his private gardens be used for the purpose. If the weather is fine, all Washington, young and old, will be on hand on Easter Monday to roll the brightly colored eggs up and down the slopes of the White House lawn and eat lunch in "the President's back-yard."

Mr. Arthur Tucker of East Waterford is offering for sale the well known Stock bridge and Bowker brands of fertilizer, which have been on the market for over forty years. The great demand for food abroad and the promise of high prices should encourage the placing of immediate orders. Avoid delay in shipping and planting by ordering now.

To those who are in affliction, And have lost dear ones from the fold, We ask for Heaven's choicest benediction, Where the blue stars have turned to gold.

## Pianos and Player Pianos

Never in the World's History has music been so acceptable as it has been in the Army and Navy.

On the battlefield; in the front line trenches, in the various organizations' huts; in the hospitals; inspiring the charge, making possible the forced march, MUSIC has been indispensable.

On this side of the water, Music's service has been even more vital if less spectacular. It united a nation made of many nationalities. It inspired patriotism when argument failed. It aroused a determination to accomplish its object.

It was invaluable in raising the money for Liberty Loans and War Work campaigns. It generated the spirit of Sacrifice it gave us Courage; it relieved Anxiety; it provided Diversion. The evidence is plentiful that MUSIC has materially helped to win the War.

MUSIC is indispensable in celebrating OUR GLORIOUS VICTORY as it proved to be in WINNING IT.

The wonder of MUSIC lies in the fact that it gives a Fuller and Deeper Expression to every human emotion and Harmonizes with Every Occasion.

#### Mass Meeting

A Mass meeting was held in Norway Opera House Friday evening in the interest of the Y. M. C. A. drive. Donald B. Partridge presided and introduced the speakers. Priv. Jake Klein, who had seen service in France spoke on his experiences with the Y. in foreign lands. He mentioned the benefits derived from their canteen, the reading and writing rooms and the various activities carried on for the benefit of the soldiers.

So far as noticed there were no delinquent overcharges for supplies. Soldiers might have paid more than necessary in rare instances for not being familiar with French money. In his mind the Y. was largely responsible for the splendid morale shown by the majority of Uncle Sam's men. The other speakers were O. A. Morton and Geo. O. Draper of New York.

Archib. T. Perry returned Sunday from Berlin, N. H., where he has been employed during the past eight months. He will work for Walter Gullinan in the wool yard, the place he had more than five years with the late John P. Gullinan. Jonathan Holmes of Massachusetts is stopping with his daughter, Mrs. Elizabeth Swett.

Mrs. Mary Oxnard is spending the week in Yagun, assisting Mrs. John Howe, who is ill with the grip. Among the Y. D. soldiers home from Camp Devens on brief furloughs are Everett Whitman, Sgt. Lenwood N. Carroll, Milo McAllister was here Wednesday while on his way to his home in East Stoneham. Harry Twitchell and Albert Thompson are also on a seventy-two hours leave.

Mrs. and Mrs. Walter Hutchins are moving into the Watson house on Main street, where they are going to house keeping.

Howard Maxim a machinist at the Riverside garage in Lewiston was in town a number of days recently.

### Mrs. Mary H. Walker

Mrs. Mary Haley Walker, widow of Charles L. Walker, a native of Harrison, passed away April 3, with organic disease of the heart at the home of her step-son, E. Wilson Walker in Norway, where she had lived since January.

The deceased was born in Sebago, Jan. 23, 1846, the daughter of Daniel and Martha Adams Haley. She lived in Sebago and Bridgton thirty-three years, then settled in Harrison for the remainder of her life. During her early years she was a mill operative at Bridgton, and later learned coat making when she was at its height.

After her marriage to Mr. Walker they resided many years at the Walker homestead farm on Daves Hill until his death some five years ago. She spent the following winter with her step-son E. Wilson Walker in Norway, then returned to Harrison village, until failing health some three months ago caused her to seek rest in her declining years at Mr. Walker's home in Norway.

She is survived by three step-sons, Dr. C. S. Walker of Keene, N. H., with the U. S. Army in France; Walter W. Walker of Woodford and Frank Wilson Walker of Norway, also a niece, Alice Haley, a trained nurse at Portland, who cared for her during the last illness, and a nephew, Everett Haley of Brunswick.

Services were held at 2 p. m. Sunday in the Baptist Church at Harrison, Rev. J. B. Coy officiated. Her favorite hymns were sung by a male quartet. The bearers were Leroy Spiller, F. W. Walker, Edward Green and Mr. Burnham.

### Ivan C. McAllister

Priv. Ivan C. McAllister, Headquarters Co., 12th Infantry, died at Newport News, Va., April 3. His age was 25 years. He was born in Auburn July 5, 1893; the son of Augustus J. and the late Mae E. (Skillings) McAllister, but came to Norway at an early age. The family lived a number of years on Deering street while his father was domiciled at the C. B. Cummings & Sons Co. mill.

The deceased entered the service May 28, 1918 from Bemis where he, with his father, superintended the C. B. Cummings & Sons Co. logging operations.

The remains were accompanied to Mechanic Falls by Sgt. Keating from the Embarkation Hospital at Newport News, where services were held.

Beside his father and step-mother, he leaves a brother, Lewis S. of Bemis; a half-brother, Fred, a half-sister, Mrs. Erel and Doris McAllister of Mechanic Falls.

### Millettville and Crockett Ridge

The Community Union Sunday School met at Mrs. S. I. Jackson's Sunday at 2 o'clock with 14 pupils and 3 teachers present. It was the first meeting since their regular organization which took place on Wednesday, April 2, with the following officers and teachers:

Supt. and Junior Teacher—Mrs. S. I. Jackson.  
Asst. Supt. and Young Men's Teacher—Mrs. A. F. Jackson.  
Sec. and Adult Class Teacher—Mrs. Addie Thurston.

Young Ladies' Teacher—Mrs. Will Young.  
Owing to the extremely bad roads, everyone walked across the fields. The next meeting will be with Mrs. Levi Richardson followed by the usual vespers song service.

The Millettville Sewing Club have met with Mrs. George Westleigh, Mrs. Harold Holt, Mrs. Foster Jackson and Mrs. Frank Millett and completed their allotment of ten pinafore dresses for the larger refugee girls, provided by the Red Cross. Rust Jackson has been spending a week in Boston and vicinity, with friends and relatives, visiting many historical places of interest. He especially was interested in the discussion of "The League of Nations" in the House of Representatives where Charles Bradley and he were invited by one of Mr. Bradley's class-mates, Representative Leback.

Leslie Millett has been sick with the prevailing epidemic of head cold with ear trouble, but is better.

Mrs. A. F. Jackson is about the house again after an attack of the same epidemic.

The Heywood Club meet at their Club House this week for their monthly gathering. The program is "House Cleaning." Literally as well as Figuratively. Mrs. Melbie Dunham and Edna Noble will entertain.

Everyone is tapping trees and boiling down syrup on a large or smaller scale. The run is almost phenomenal without the usual night freezes.

### Mid-night Alarm

Abel Crockett had a very narrow escape on Friday night. It seems he awoke and lighted a lamp for a few minutes. The first match snapped and the head broke off and flew. He then lit the second one and after a few minutes blew out the lamp and went back to bed again.

Later he was awakened with the sensation of choking, only to find his room full of smoke and some black. He is unable to see at night and he felt his way to the telephone and rang desperately for some time for help but all were sleeping soundly. Mrs. Jackson heard the wild ringing finally and ran to the phone to hear, "Help somebody, my house is all afire, I can't see." It was 2:40 a. m. After rousing the three men folks to go to his assistance, she rang the neighbors round about him on the Ridge for nearly half an hour, finally getting Mrs. Burn who sent her three men folks at once. They, living right near, were the first to arrive, followed by the other party and Henry Chamberlin, whom they roused on their way. Quick work saved the house, but his bed was completely destroyed.

The poor old man was paddling around in his night clothes, dashing water here and there in his semi-blindness. His bedding and mattress being wet, mostly, the fire could not spread fast, luckily. He is stopping with his nephew and wife, Mr. and Mrs. Will Young, now suffering from the effects of the Ridge fire. Dense smoke and wet feet. Surely a night call bell on telephones in each neighborhood is needed.

The Community Services have been postponed for the last two weeks because of the dangerous traveling as well as the severe storms. The interest has not died out, for Wednesday evening, April 2nd, the two neighborhoods met at Mrs. S. I. Jackson's and organized a full fledged Sunday School, and then plans were completed for the Easter concert.

## Norway and Vicinity

Norway-Waterford-Oxford Schools  
Hildreth E. Robertson of Rangeley, a graduate of Bates College in 1917, began work as History teacher at Norway High School at the beginning of the Spring term April 7. She takes over the work formerly done by the two part-time teachers, Mrs. Janette Pratt and Mary F. Dresser. It was found to be impossible to arrange a recitation schedule with five teachers, which would include all the subjects. Miss Robertson makes the sixth full time teacher.

The Holt school in Norway will open Monday. Due to the acute teacher shortage, it will be necessary to continue with teachers from the teachers' training course at the high school.

Waterford schools will open Monday. Grace Brett of Oxford will begin the school at Waterford. Miss Fuller, who has taught the school to date is to teach at the Norway school in Norway. Eva Lovell, a graduate of Castine Normal School, with six years' experience, succeeds Mrs. Helen A. McAllister as teacher at the Oxford Intermediate school.

## Norway Fish and Game Meeting

The annual meeting of the association was held last Wednesday evening. There was a good attendance. The treasurer reported some \$200.00 cash on hand and it was voted to remit dues this year. The members will be so notified and it is expected a copy of the Fish and Game Laws of the State will be sent to each member as soon as they are printed. Officers were elected as follows:

Pres.—Albert J. Stearns.  
Vice Pres.—Clarence M. Smith.  
Sec. and Treas.—F. Robert Seavey.  
Executive Com.—M. W. Sampson chairman; William L. Libby, J. Waldo Nash.

Who is it that sells home-made horse-radish? There is a demand for it. The intelligent column is silent on this subject.

It wasn't a baby carriage the lady wanted. It was "a go cart" with fixtures. See intelligent column where you can get a baby carriage at a low price.

Mrs. Hattie Adams returned to the home of her parents, Mr. and Mrs. A. T. Crocker, Sunday, from the Central Maine General hospital. She is gaining from the surgical operation and a complete cure is expected.

The Elizabeth Crockett Blake Daughters of Veterans will hold their regular meeting in K. of P. hall, Friday evening at 8 o'clock. Officers not yet installed will be inducted into office at this time. A full rehearsal will follow the work.

Dr. Edwin Ghering of Portland was here Wednesday evening to see Mrs. Ernest B. Jackson who is critically ill with pneumonia and complications. He was in consultation with local physicians.

Irving Witham has leased the Josiah L. Witham farm near Horse Hill, Oxford, and will move his family there from Fair street some time this month. He will give up shoemaking for farming and work with his father as painter during spare time. A logging job near the premises has been taken for next winter.

The Royal Neighbors of America here will entertain the Bridgton lodge, Monday evening, April 21. A fine time is planned.

James Pledge is seriously ill with pneumonia and under the care of a trained nurse. His condition improved slightly Wednesday night, and there was no change for the worse Thursday morning.

Edward Carver has pneumonia at his home on Brown street.  
Mrs. Annie Sampson was "called" to East Fryeburg, Wednesday, because of the death of her father, John Robinson, aged 84 years. The funeral will be held Friday.

It is reported that Arthur Morris, who was recently discharged from Camp Devens with a first-class cook's certificate, has reenlisted in the same capacity.

### Missionary Meeting

The Women's Missionary Society of the Congregational church met with their president, Mrs. Meda Whitney, at the Sawyer home on school street, Friday afternoon.

A short program was enjoyed by a goodly number of the members. A short dialogue "We Bight" was given by Mrs. Wm. Chapman, Mrs. Geo. Flint, Josephine Ricker, Mrs. Edith Whitney, Mrs. Nellie Sawyer, Mrs. M. H. Pitts, Emily Caswell, Mrs. Clarence Sprague. After the reading of Aunt Sara's Monolog by Mrs. Marshall H. Pitts, the company adjourned to the kitchen where a missionary barrel was packed with clothing contributed by a number of families to be sent to the South. Delicious walnut fudge was served by Mrs. Sawyer and Mrs. Whitney.

The next meeting will be Friday afternoon, April 18th.

### Special Meeting

At the Odd Fellows' hall, Saturday, April 12, there is to be a special meeting of the town's people to make plans for a Fourth of July celebration in honor of the returned soldiers. Both men and women are invited to be present to plan up the celebration.

Judge W. F. Jones of Norway was here on business, Wednesday.  
Mrs. Grace Spaulding of Portland was a guest the past week of Mrs. F. P. Bennett on Main street.

Mrs. Arthur P. Stanley spent the day Saturday in Portland.  
Mrs. Almeda Wentworth is very ill with pneumonia at her home on Main street.

Harold Maxfield is confined to the house with the "flu."

The grammar and intermediate schools opened, Monday. The primary will open on next Monday.

Fred Pitts of South Paris was in town Sunday.

Principal Howard W. Poor of Bridgton academy, North Bridgton, spoke at the Congregational church, Sunday morning in the absence of the pastor, Rev. C. N. Davis. Mr. Poor gave a very interesting account of the work at the Concord Reformatory, where he had been a teacher of ethics for a number of years.

The Congregational cottage prayer meeting, presided with Mrs. Nellie Sawyer on School street.

S. C. Pitts was in Buckfield and South Paris, Saturday and Sunday.

Lawrence Denison of Dawes Hill is spending several days in Norway visiting relatives and friends.

F. P. Freeman, Jr., and Edward Tarbox have both been confined to the house with severe colds.

## NEED THIS SPRING

### Of a Good Tonic Medicine, Nerve Builder and Blood Purifier

Is greater than ever before.

The nervous strain, worry and anxiety caused by the war.

The debilitating effects of the terrible influenza, grip and pneumonia.

The depletion of the blood by indoor life in winter.

Have tremendously overdrawn the reserve strength of nearly every man and woman.

This makes the favorite Spring medicine, Hood's Sarsaparilla, more of a necessity now than ever before.

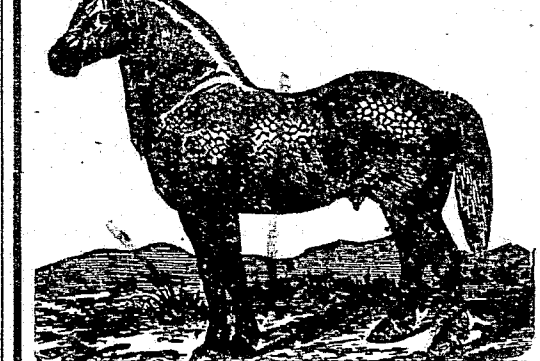

For your impure, exhausted blood, and for that extreme tired feeling sure to come, prepare yourself now.

Today begin to recover your lost strength by taking Hood's Sarsaparilla, the standard Spring medicine and blood purifier, which creates a keen appetite, aids digestion and assimilation. Remember Hood's Pills if you need a mild laxative.

## NORTH NORWAY.

E. A. Cox went to Auburn, Friday to visit his son, Claud Cox for a few days. Clarence Austin is building a new hen house.

Horace Hussey has sawed E. T. Judkin's wood.

W. A. Hargy has made several changes in the house used as a school building. The partition between two rooms has been removed thus giving a good sized school room. A new chimney has also been built and several other minor repairs made. Oliver Merrill did the carpenter work.

Virgil and Charlie Herriek worked for E. T. Judkins two days last week.

Mr. and Mrs. Elsworth Farnum have moved into their new home on the place formerly owned by Arthur Herriek.

School at Smith's Corner is again in session after a two weeks' vacation.

C. D. Morse had his wood sawed, Monday by Horace Hussey.

Mrs. Geo. Hobbs is reported on the sick list.

Several from here walked to the Center Friday night to attend the social and reported a very pleasant time.

## MAINE LEADS UNION IN RECONSTRUCTION PLANS

Program Includes Training Leaders to Replace Those Who Will Not Return—Boost Maine Thru its Boys.

Another "drive"! Not for the Belgians, not for France, not for Armenians, but three hundred and fifty thousand dollars for Maine—two dollars from every family in the State—fifty cents from every man, woman and child between Fort Kent and Kittery Point. It's coming; we've all got to dig—again.

But, when we go down into our beleaguered pockets this time, we'll know with considerable satisfaction these three things:

First: It's for Maine alone.

Second: It's a definite, constructive reconstruction program that every state in the Union will follow.

Third: It has the endorsement of the greatest community welfare association in the world, and of the foremost efficiency engineers of the country.

The Government, during the war fixed the standard of value of a man's life to his country at \$10,000, and we'll admit that life wasn't worth much for a few days around Chateau Thierry. But let's accept \$10,000 as a standard; it's not too high—for a good life! Suppose, then, that this reconstruction program develop thirty-five men to be worth twice as much to their State, or seventy men to be worth fifty per cent. more than they have been, or two hundred and eighty men to be each worth twelve and one-half per cent. more. The State has returned its three hundred and fifty thousand dollars.

Two hundred and eighty men, each improved in value twelve and one-half per cent., out of the seven hundred thousand persons this movement will reach is a ridiculously small estimate, isn't it?

Thirty-five boys taken out of pool rooms and "hired-men's schools" and organized into manual training classes, farming clubs, debating societies and scores of like activities under the direction of specialists would more than repay the total sum asked in this campaign. One county of our sixteen might easily have the value of its manhood increased one thousand times the State appropriation. One community might save the full sum by the industrial program soon to be placed before the people of Maine.

With the unqualified support of the powerful organization of the Y. M. C. A., under the personal supervision of the redoubtable Jeff Smith, seven state secretaries of national prominence, specialists in education, agriculture, physical training, organization, religious subjects, boys' work, student activities, industries, sanitation, community clubs, camps and dozens of other equally important welfare movements, will take up the work, not for a week or a month but for every day, year after year. Under them will be four district secretaries each having supervision of four counties. Under these four secretaries will be sixteen more secretaries, each having charge of a county, and the organization of boys' groups, men's clubs and other activities therein. Classes in work peculiarly needed in each community will be organized and instructed by experts. County problems will be turned over to the experience of trained men.

Out of this three hundred and fifty thousand dollars comes one hundred and forty-seven thousand for extending the scope of the Coblesseecotee camp at East Winthrop. The present valuation of the two hundred acres of land, buildings and equipment is twenty thousand dollars. Last summer five hundred boys worked there and drilled there and learned there as Junior Volunteers. This was a Maine project, adopted in its entirety by the National Government for all states. Did these boys increase their worth to the State twelve and one-half per cent. each? Ask them or their parents and friends. Six hundred and twenty-five thousand dollars!

Among the items of the camp budget, we understand from information leaking out of Waterville headquarters, there are a modern barn and equipment, an auditorium, a dining room with kitchen and cold storage equipment, an administration building, boat house, library, hospital, post office, canteen, sixteen cottages and equipment, four educational buildings, garage, water works, electric lighting plant, grading and equipping of athletic grounds, boats, canoes, life-saving equipment, instructors and lecturers, text books and supplies, and tents for large encampments.

Wilson's Mills Mrs. Bertha Storey, who has been with her daughter, Mrs. Millie Linnell at the lower town, through the winter, came home the first of last week as her son, Robert Storey, who had not been home since Christmas, came down when the Thursdays broke camp. He had been driving a team through the logging season. A pretty good record for a boy of sixteen.

Mrs. Jennie Nason, has gone up to their Sporting Camp to get things in readiness for the summer campaign. Mr. Nason went up several weeks ago. D. C. Bennett and Axel Wilson are making maple products.

Olan Lancaster, who has been ill for several weeks, and kindly cared for by Mrs. Jennie Nason, at her winter home, was moved down to his father's, Harry Lancaster's, Friday.

Cliff Wiggin, was in town last week. He has sold his motor boat to W. H. Hart.

Jerry Farrar and Frank Nash are working in Gorham, N. H., this week. Sunday evening meetings will begin at 7:30 instead of 7 o'clock.

Nelson Cole has moved his family to Milton into his house there.

Solicitors are engaged in raising funds to repair the chimney in the Baptist meeting house; also to paint the meeting house and the parsonage.

Mrs. Clarence Cole's sister, Doris Foster, of Norway has been visiting her the past week.

Duke Thompson was recently appointed president of the joint shop committee of the ship builders' union at Newington ship yard.

Mrs. E. J. Thompson received a Behr Brothers piano from her daughter in Buffalo last week.

## SUMMER GRANGE MEETING

Members of the Androscoggin Valley Jersey Breeders' Association assembled in Grange hall East Sumner, April 2, to make plans for the year. The question of exhibiting at the Canton fair next fall was discussed, and a proposition will be made to the management of the fair. It was suggested that the association hold a field day in July. A committee, will take that matter in charge. An address was given by Edward W. Morton, University of Maine extension instructor in dairying. The matter of disposing of the Jersey cows belonging to members of the association was left with the secretary, Harry E. Allen of Buckfield.
